Formulas that DO Not Require Medical Statements  
**Information Policy Memo CNP-05-23**

This memo is to inform you that the Child Nutrition Programs *Iron-Fortified Infant Formulas that Do Not Require Medical Statements* List has been updated as of July 8, 2005. The list is located at the following website:

<http://www.fns.usda.gov/cnd/Care/Regs-policy/infantmeals/FormulaList.htm>

This list is NOT an inclusive list because new infant formula products are continually being developed. For more information, refer to CACFP Policy Memo 05-01 "Clarification on Acceptable Infant Formula", dated November 23, 2004. In that memo we provided some guidance on how to determine whether or not a formula is reimbursable under the CACFP without the need of a medical statement.
